DANGER OF COLDS AND LA GRIPPE.

THE greatest danger from colds and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tons of thousands who have used this remedy, for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous malady. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by All Dealers, Watson & Co., General Agents.

Editorial Comment.

The last mail brought a copy of *The Standard* containing a letter on Chinese affairs from a Shanghai Special Correspondent. This letter contained the following paragraph:—

"The ladies of Shanghai amused themselves last week with a 'Conference' on the Homicide of Chinese Women."

Lady Blake, the talented wife of the Governor of Hongkong, coming up specially to take the chair, which she did most ably. As the prospect of a "conference" and "remedial measures," the whole thing seemed to many old residents here somewhat an impertinence. No man was admitted to the three days of conference, but there was no restriction against young unmarried girls and children. I understand that the proceedings will be carefully edited before they are given to the public, and that the idea of interference with the home life of the women folk, on which the Chinese are very sensitive, was happily dropped. From the tone of the Special Correspondent, it may be gathered that he is not in sympathy with the objects of the association of ladies, who have shown a desire to widen the horizon of Chinese women. This is a reflex of the cynical tone adopted in the China Coast Ports towards most of the schemes for improving Chinese social life. If it can be shown that any of these schemes will put a dollar into the foreign merchant's pocket, it will be gladly welcomed, but the average lay mind does not concern itself with platonic proposals for the raising of the moral of native life. Hence the cheap cynicism. We are sure there are many in Hongkong, however, who sympathise with Government House ideas on this important question. Ever since she arrived in the Colony, Lady Blake, as befits her position as in some degree representing the extra-governmental side of official life, has interested herself in certain delicate questions that require very careful handling, and we hope she will not be deterred by the sneers of Shanghai from carrying on her good work, and that before she leaves the Colony she will have done something to raise the status of Chinese women, at least in this Colony.

The general public will be REGISTRATION pleased to know that the of DOMESTIC CAPTAIN Superintendent of SERVAANTS. Police (Hon. F. H. May) has been interesting himself again in the subject of the registration of domestic servants. Frequent thefts by domestic servants have given rise to periodic agitation for registration; but these agitations are spasmodic, and as the public are helpless in the matter and must rely on the Government for legislation, nothing has been done. From the minutes of a Committee Meeting of the Hongkong General Chamber of Commerce, held on the 14th inst., we regret to see that the Committee considers Mr May's proposals impracticable. The minutes say: "The Secretary read a letter, dated 7th February, from the Colonial Secretary, transmitting a copy of one from the Captain Superintendent of Police recommending that the provisions of Ordinance No. 7 of 1866, relating to the registration of servants, be re-enacted, with the addition of a provision for the effect that servants must, when applying for registration, supply two photographs of themselves, one to be filed in the register and the other to be attached to the certificate of registration. The opinion of the Committee as to whether it would be desirable to re-enact the above law, with certain penalties for non-observance, was requested by the Government. After considerable discussion on the subject, it was decided unanimously to reply to the effect that the Committee considered the proposed legislation impracticable."

We are sure the general public will be disappointed at the attitude adopted by the Chamber of Commerce on this question. Of course, the minutes of the Committee meeting give no information as to the reasons on which the Committee based their decision. Registration is so general in other classes of the Chinese community,

RACING NOTES.

The best gallop on Saturday morning was done by the subscription griffin waler *Glory*, which ran a mile in 1 min. 58 sec., thus posting all times that have yet been done at Happy Valley over this distance. Mr. Harmonia's black subscription griffin *Baron* got over the same distance in 2.04, finishing the last quarter in 29 sec. Mr. Derrick's black Derby waler *Perseus* did a mile in 2.44, the half-mile taking 1.34. *Kismet* ran the full Derby distance in 3 min. 8 sec., doing the first half-mile in 1 min. 3 sec., and the mile in 2.53. Mr. Lewis' Derby waler *Arrogant* was not a similar task, running the one and a-half miles in 3 min. 24 sec., the first half-mile in 1 min. 8 sec., and the mile in 2 min. 9 sec. The same owner's subscription griffin *Arrogant* ran the last six furlongs of a mile-and-a-half gallop in 1 min. 39 sec. Mr. Buxey's Derby waler *Imperial* *Bliss* galloped a mile and a quarter, doing the last mile in 2.14. Mr. Wheeler's subscription griffin *Griffin* ran six furlongs in 1.37. Mr. Jay's very taking Derby waler *Rheingold* galloped a mile and three-quarters in 2.35. The subscription waler *Bullseye* ran the last six furlongs of his journey in 1.33, and Mr. David's chestnut Derby waler *Unionist* got over a mile in 2.18. The same owner's crack subscription griffin and Derby candidate *Loyalist* distinguished himself by running away with his rider for quite two miles. The animal is generally ridden in a snail, and this is the first time he has been tried with a plain snail. For the sake of the horse's chances in the Derby it is to be hoped it will not be deemed advisable to put a curb on in the race itself.

MAFOO.

Some good gallops have been done during the last three mornings and shown up a little form, but the course has been a trifle heavy and the times made not very startling in consequence.

On Monday the most noticeable were—
Desert King, 1 m., 2.53, last quarter 52 sec.
Forest King, 1 m., 3.45, " 52 "
Dorset, 1 m., 2.18, " 32 "
Sandstorm, 1 m., 2.17, " 34 "
most horses and ponies doing only quarters.

On Tuesday—
Baron, 1 m., 1.55, last quarter 50 sec.
Kismet, 1 m., 1.04, " 30 "
Alaric, 1 m., 1.40, " 32 "
Do not, 1 m., 2.02, " 32 "
Glory, 1 m., 2.24, " 32 "
Arrogant, 1 m., 2.03, " 32 "
Rheingold, 1 m., 2.05, " 31 "
Bullseye, 1 m., 2.14, " 31 "
Bliss, 1 m., 2.24, " 33 "
Loyalist ran away five times round, going very strong.
Act of Hearts, 1 m., 1.00, last quarter 33 sec.
Set, 1 m., 1.42, " 34 "
Madder, 1 m., 1.47, " 34 "
Hope, 1 m., 2.23, " 34 "
Bibb, 1 m., 2.24, " 34 "
Thibb, 1 m., 2.24, " 34 "
Sandra, 1 m., 2.24, " 34 "
This morning (Wednesday)—
Tuba Rose, 1 m., 3.00, last quarter 37 sec.
Dorset, 1 m., 2.51, " 34 "
Sandstorm, 1 m., 2.52, " 34 "
Morris, 1 m., 2.19, " 30 "
Interpretation, 1 m., 2.19, " 30 "
Griffin, 1 m., 2.03, " 31 "
Forest, 1 m., 2.07, " 32 "

To-morrow it seems to be expected that strong galloping will be the order of the day, and it is to be hoped that the weather will hold up. All the Shanghai visitors have now arrived, which helps to add interest to the proceedings.

DEAD EYE.

AN INVERNESS LAWYER AND HIS TWO SONS.

Some years ago we noticed a little book entitled "Inverness before Railways," by Isabel Anderson, and now we welcome the appearance of a sequel to that work entitled "An Inverness Lawyer and his Two Sons," by the same gifted authoress. We describe this last effort as a sequel, because it gives an admirable sketch of the formation of the Highland system of railways, with the origin of which the Inverness, eighteenth-century lawyer's two sons had a great deal to do. As the authoress of the book before us is the daughter of Mr. Peter Anderson, one of the two sons, the volume contains much material of a personal or family nature. But the "Inverness Lawyer and his Two Sons" bristles with references to phases of life in the North of Scotland which will appeal to a large section of Britishers in the Far East, especially to those who were born North of the Grampians. Peter Anderson, and his brother George (the two sons), were the joint authors of the celebrated "Guide to the Highlands of Scotland," a work which is not only a monument of industry and research, but is still regarded as an admirable book of its kind. Mr. George Anderson, the joint author, who was an eminent geologist and a friend of Roderick Murchison and Hugh Miller, wrote a large amount of the descriptions contained in the "Guide to the Highlands." Several excellent bits of description are quoted, such as the words "sketch of Foyers Falls and that of Ben Nevis, and are capital bits of wholesome and breezy English. But these who are drawn towards these lovely spots of creation will doubtless get the book for themselves. A life-like description of the terrible Battle of Culloden Moor is also a piece of writing. We may mention that the authoress of the "Inverness Lawyer and his Two Sons" is a cousin of our contemporary, J. C. Anderson, who is a son of Mr. George Anderson, the geologist.

CANTON NOTES.

(From Our Own Correspondent.)
Canton, February 10.
Early last year, a number of ladies and gentlemen engaged in educational work in Canton and neighbourhood resolved to form themselves into a society with the object of promoting the interests of Christian Education in China. Subsequent events prevented the immediate realization of that hope, but the idea has not perished. On Thursday, February 14, a representative meeting was held at the house of Dr. Dennis, to organize what will henceforth be known as the Canton Educational Association. It is hoped that the standard of the schools will be gradually raised by raising the standard of the teachers. Lines of study during an school year will be suggested, and examinations held. Certificates will be granted to teachers who successfully pass these examinations. Another line of work will be the preparation of suitable text-books. The following are the officers for the current year—
Rev. Dr. Gray, President; Rev. W. Biddle, Vice-President; Rev. Dr. Winer, Secretary; Rev. Dr. Biddle, Treasurer.

The shelter which is about to be erected on the Shamoon is not intended exclusively for naval men. Sailors from the merchant ships visiting Canton will be made equally welcome.

HONGKONG GENERAL CHAMBER OF COMMERCE.

The Monthly Meeting of the General Chamber of Commerce of the Hongkong General Chamber of Commerce held at the Chamber Room, City Hall, on the 14th inst.—Present: Hon. R. M. Gray (Chairman), Hon. J. J. Kewick (Vice-Chairman), Messrs A. H. Hup, Sir Thomas Jackson, Knt., D. R. Law, A. M. Marshall, C. S. Sharp, N. A. Siebs, Hon. J. Thurbon (ex officio), and R. O. Wilcox (Secretary).

PROPOSED REGISTRATION OF PARTNERS IN

In response to our invitation from H.E. the Governor, the Committee had nominated Mr. Robert Shaw to represent the Chamber of Commerce in the Bill for the registration of partners in Chinese firms, and an information had since been received from the Colonial Secretary of that gentleman's appointment.

Hon. J. Thurbon said he had been appointed a member of the Committee, and included three Chinese and of which Mr. Serrano Smith had been named Chairman. He had not heard yet when the Committee would commence its sittings.

CHINA TARIFF REVISION.

Read letter from Sir Ernest Satow, H. B. M. Minister in Peking, in reply to Chairman's letter of the 18th December last, stating that he will be glad to receive an expression of the views of the Chamber, adding that it was impossible the question of the revision of the tariff would come under immediate consideration.

SOME DISCUSSION ON THIS MATTER.

Some discussion ensued on this matter, and ultimately it was decided to write to Sir Satow and give him the views held by the Chamber on the subject generally, asking him at the same time to be good enough to submit to the Chamber the proposals of the Chinese Government in relation to the tariff. It was also decided to exchange notes on the subject with the Shanghai Chamber.

THE DISSENTING TENDENCY AND CHINESE

Read letter dated 28th February, signed by all the Shipping Firms in the Colony interested in emigration to the Straits Settlements, calling attention to the fact that, to meet the requirements of the U.S. Government, the Hongkong Government had issued a circular to the Colonies, and that the Government of the Straits Settlements was asked to open their ports, at least to a limited extent, to Chinese emigration from this port during the summer, provided that all emigrants are properly disinfected and their luggage fumigated to the satisfaction of the local Health Officer.

DRAFT LETTER TO THE GOVERNMENT ON THE

subject considered and adopted.
RECEIVED: FRANKLIN CROSSING TARIFF AND

RECEIVED: FRANKLIN CROSSING TARIFF AND

Read letter from Colonial Secretary, dated 9th Feb., transmitting for the information of the Chamber, copy of a circular despatch from the Secretary of State for the Colonies conveying an extract from a letter of the Colonial Office to the Foreign Office, in which it is suggested to Lord Lansdowne that the Colonies be free to French products to be represented to the French Government, that exceptionally favourable treatment should be accorded to all exports from the Colonies above named both in France and French Indo-China. A draft letter to the local Government in acknowledgment of above, thanking the Secretary of State for his efforts on behalf of the Colonies, was considered and adopted.

NATIVE CRAFT AND STEAMERS ARRIVING.

Mr. Law called attention to the manner in which the native craft (sloops) to the way of vessels entering ports. He said there was a rule in the Singapore Port Regulations which dealt with this question, and by which native craft were compelled to keep out of the way of incoming steamers. He thought a similar rule might be introduced here. After a short discussion, on the suggestion of the Chairman.

Mr. Law agreed to write a letter to the Secretary on the subject.

CRICKET.

HONGKONG C. C. UNITED SERVICES.
A team representing the Hongkong Cricket Club met one composed of the members of the United Services on Monday and Tuesday. The United Services batted first and knocked off 277 before they were disposed of. Of this score Mr. Franklin, R.N., had the remarkable innings of 100 not out, there being 12 boundary hits. Lieut. Mayhew, R.M.L.I., was responsible for another 67 including 13 boundaries. The other members of the team, excepting Dr. Moon, R.N., and Capt. Strong, R.M.L.I., who had 26 and 21 respectively did not give much trouble. The Club responded with 130, of which Mr. Maitland was responsible for 84. The only other members of the team who reached double figures were P. A. Cox, 27, A. G. Ward, 25 and J. A. Woodgate, 10. The Club then went in for a second innings and were all dismissed for 150. Ward and Maitland were again to the fore, the former putting together 37, and the latter 31. Both men were run out. The United Services had no difficulty in outdistancing the Club, and won the match by 9 wickets. Scores—
